REMARKS

International PCT publication Nos. WO 97/02357, WO 97/04297, WO 93/24231 and WO 94/09366 were cited in the British search report.

The remaining references are cited in the international search report. International PCT publication No. WO 93/10454 provides an English language translation of EP 0 649 534 and is therefore provided instead of the cited European patent document. The Effenhauser article is also discussed in the specification of the present application.

All of the above cited documents are provided in full in the English language.

No representation is made hereby that these documents provide all of the art and the Examiner is presumed to conduct an independent search of the art. However, these documents do form all of the relevant art of which the Applicants are presently aware. If Applicants become aware of additional relevant art during the prosecution of this application, Applicants will bring such art to the attention of the Examiner by means of a Supplemental Information Disclosure Statement.

The Examiner is respectfully requested to consider the enclosed documents and to make the same of record in the file of the present application.

In the event that a fee for the Information Disclosure Statement is required, please charge the fee to our Deposit Account No. 08-3040.

Respectfully submitted,
HOWSON AND HOWSON
